THIS IS UNEVALUATED INFORMATION

1. Between 28 January and 1 February 1951, the following troops and equipment of elements of the Seventh Guards Mechanized Division, quartered in the Buslow and Hindenburg Kasernes, Frankfurt/Oder, were loaded on trains: 21 tanks, one self-propelled gun, 21 boxcars of troops, two boxcars of ammunition and rations, one boxcar of disassembled wooden barracks, and motor vehicles. One of the trains loaded departed in the direction of Cottbus.*
2. Thirty-six twin-engine aircraft, thirty single-engine aircraft, and between four and six PO-2s were observed at the Jueterbog-Altes Lager Airfield on 3 February 1951.**

25X1 ** Comment: A bomber regiment presumably has been transferred to Justerbog. According to reports on rail movements, it is believed that the regiment came from Werneuchen. The two ground attack regiments stationed up to now at Justerbog have not been transferred, as far as is known.
